

To: All 7th and 8th Grade Students
From: Mrs. Nancy Massand, Dean Grades 7 and 8

I hope that you are enjoying your summer! Many of you started your summer reading books in June, and no doubt you are finished by now. Remember that the books are discussed and your reading evaluated the first week of school, so be prepared.

There is a short list of supplies that is required on the first day of school:

- 5 one-subject notebooks with pockets for class notes and homework assignments
- pens and pencils
- a combination lock for your locker
- a homework planner

Please remember that it is most important that you have a book bag that will fit into your locker. Book bags cannot be left around the classrooms, hallways, gym or gym locker rooms. They create a safety hazard and their contents are not secure.

We are looking forward to working with all of you this year. In addition to the challenging curriculum we'll be exploring, there are trips and projects in the planning stages that will be announced in the fall.
